16th International Machine Tools Exhibition

Manufacturing has emerged as one of the high-growth sectors in India. Government of India's 'Make in India' Initiative launched in 2014 to place India on the world map as a manufacturing hub and give global recognition to the Indian economy, has already created a manufacturing revolution spurred by the expansion of domestic market and huge investments in infrastructure. India is fast emerging as a global manufacturing powerhouse.

In this industrial expansion scenario, AIEMA will organize ACMEE 2025, 16th edition of International Machine Tools Exhibition at Chennai Trade Centre, Chennai, India, during 19-23 June 2025.

The event will focus on the latest in machine tools and manufacturing technology available in different parts of the world.

ACMEE is an  approved international event

UFI is the global association of the exhibition industry based in Paris, France. UFI's accreditation signifies quality and global recognition of the event.

Theme: Beyond Smart Manufacturing
